In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by these Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.
The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render them the best and most popular conveyance to America.
As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.
As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.
We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.
(COPY.)
Boston, January 22d, 1849.
"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them."

Bishop of Boston.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan. 18, '54.

I hasten to correct an error into which I was led yesterday, relative to the bill amending the charter of the Lake Shore Railroad Co. I am now informed that the bill is, although amended in many immaterial points, about as presented in Senate.

In Senate this morning, among the bills presented was one by Mr. Allen, chartering the Black River Boom Co. The name sounds very familiar, as that of a company who sought last winter, but did not obtain, some very extensive chartered privileges; if I recollect the case, going even to the control of the whole navigation of the river at its mouth.

There was a long petition from Rock Co. for the repeal of the small bill law.

In the Assembly, there were several resolutions introduced, and some acted upon. Among the former was one ordering 2500 copies of each of the Reports, and one (by Mr. Crawford,) calling on the Governor for a statement of the number of reprieves and pardons during the past year. The Hall was granted to Col. John Shaw, of Marquette Co. to enable him to make a statement of his case to the Legislature, a memorial which he had prepared being lost. Our readers will recollect his case, it having been stated in full on a former occasion.

The House made one step in the right direction, by passing a resolution presented and briefly supported by Mr. Nichols, of Marquette, instructing the standing committee to let alone all matters over which the standing committees have jurisdiction. This is the next best thing to passing Mr. Worthington's resolution, killed yesterday.

Sixteen bills were introduced; you see the work is rapidly accumulating. One among the number will probably elicit some debate; I refer to Mr. Hale's bill authorising the towns of Kenosha Co. to vote on loaning their credit to the Ken. & Beloit R. R. Co. I suppose that it will receive strenuous opposition from the western part of the county, as it did last year, although I do not know the fact. The Committee on Railroads have it in charge. A charter is applied for by Mr. Quentin and others for the building of a bridge across the Milwaukee river somewhere in Ozaukee county. Mr. Reinhardt has introduced a bill chartering the 2d Ward Cemetery Association. *A bill of some importance is one introduced by Mr. Barns, of Dane Co., to-day, providing for the sale of the Capitol Lands.* What the provisions of the bill are I do not know. There are, I believe, some 7500 acres of these lands, all in this county, and rapidly increasing in value. They will be needed, some of these days, for the erection of another Capitol. Would it not be the true policy of the state to retain them unsold for some time longer?

Mr. Parkinson, of Lafayette Co., has introduced a bill giving laborers upon railroads a lien upon the road for their wages.

Gen'l Smith, the State Historian, is progressing rapidly with his work. A committee, consisting of Messrs. Orton, Hull, and Knowlton, was appointed to act with a Senate committee in examining the portions of the History deposited in the office of Sec'y of State, and make such report as the nature of the case calls for.

In Committee of the whole, we had a lengthy debate of the bill appropriating $39 to Mr. Miller, the rejected contestant from Ozaukee County.—The debate arose upon a motion by Mr. Hull to report back with all after the enacting clause struck out. The motion was supported by Mr. Hull with great earnestness, and also by Messrs. Remington, Hadley and Wheeler. Mr. Davis also opposed the bill in the House, after the committee rose. On the other hand, Messrs. Barney, Orton, Baker, Knowlton, Horn and Scott opposed the motion, all insisting that, as the House had voted mileage and *per diem* to Mr. Jacobs, who occupied Mr. Scott's seat for some days, while he had the certificate of the canvassers only to back him, knowing himself to be in a minority of 200—they ought to vote the same to Mr. Miller, a poor man, defeated by one vote only, who came here with what he thought sufficient evidence to show that the inspectors in Belgium had closed the polls long before sunset, and rejected votes for him. The Committee refused to strike out the enacting clause, but the bill was lost in the House, 37 to 39. My experience in such matters heretofore leads me to foretell a reconsideration, and the passage of the bill to-morrow; and I believe it right that it should be so. Aside from the "bad look" which any interference with the action of the independent voters of Belgium has, casting as they do, with a population of 700 all told, anywhere from 150 to 1100 votes, according to their humor, there seems to have been circumstances attending this case shewing a deliberate intention to close the polls as soon as votes enough were obtained. At all events, Mr. Miller had good reason for presenting his case to the Assembly. The discussion has already cost more than the sum involved.

There was another discussion, though a brief one, upon a motion by Mr. Donaldson, to strike out from a bill "amending an act for the improvement of Sauk river" (at Port Washington) a clause allowing the *benefits* to land to be taken into consideration in assessing damages. The motion to strike out failed, and the bill was ordered to a 3d reading. This clause is almost nugatory under the ruling of our Supreme Court, but it is nevertheless contained in the charters of many of the charters passed last winter, among others, in those of the Fond du Lac and Waukaw, and Watertown and Oak Grove Plank Road Co's, and the Kenosha and Beloit Rail Road Co.—in this last case, in the amendatory act.

There was a curious blunder in our telegraph report this morning, stating something about a contested seat in "Sauk Co." "between Messrs. Wakely and Vittom." These gentlemen seem to be very good friends, and united in a minority report on the contested seat from "Rock" county.

Thursday, 9 A. M.—Col. John Shaw, of Marquette Co., occupied some time in the Assembly Hall last evening with a statement of his case. The statement was rendered more interesting by the condition of the old gentleman, he being entirely blind. His claim upon the State for compensation for damages done him by its first Board of Public Works seems to be well founded. The fact that he was right and the Board wrong in keeping back his title to the lands concerned, is evident from the unanimity with which the Legislature, three years ago, on a petition of 2,000 citizens and a thorough examination into the facts, declared Col. Shaw to be entitled to the land. But the golden moment had passed by, while he was at work contending with the State officers for a title to land which he had paid for. Offers of money for his land, to a large amount, were made him, but he could give no title, and the tide of settlement divided, passed by, and went beyond Shaw's Landing. St. Marie, Princeton, Marquette, and other smart settlements sprung up, and Shaw's Landing was nowhere! Now, the old gentleman, who came to Wisconsin full of vigor, of enterprise, and of hope, and with means at hand which was liberally expended in opening roads &c., is broken in health and hope, blind, ruined by the wrongful act of the officers of State, and he asks some compensation.

That ancient and venerable institution, the State Historical Society, held its annual meeting last evening. It has been under a cloud for a year or so, owing to sundry differences of opinion among members, but the few present last evening dug as large a hole as possible in which to bury the hatchet, and covered it neatly with earth. Under the new Constitution, the following officers were elected:

Gen. Wm. R. Smith, *President.*
Cyrus Woodman, of Iowa,
Mason C. Darling, of Fond du Lac,
John W. Cary, of Racine,
Nelson Dewey, of Grant,
I. A. Lapham, of Milwaukee,
M. L. Martin, of Brown. } *Vice Pres'ts.*
Lyman C. Draper, *Cor. Sec'y.*
Chas. Lord, *Rec. Sec'y.*
O. M. Conover, *Treasurer.*
J. W. Hunt, *Librarian.*

The Prest., Secretaries, Treasurer and Librarian, with the following members, from the *Executive Committee*;

S. H. Carpenter, H. A. Wright, David Atwood, L. J. Farwell, B. Brown, S. Mills.

Patrick Toland, of Watertown, presented the Society with a file of newspapers of the last half of the year 1776, which were received with thanks. Probably the accomplished President of the Society, Gen'l Smith, will before long be invited to read some interesting extracts from his History of Wisconsin, before the Society and the Legislature. I hope so.

Senator Bowen, and not Senator West, introduced the bill to amend or repeal chap. 50, of the laws of '53. W. H. W.

The New Court House.

The Sentinel of yesterday morning has a letter from its Madison correspondent in which an allusion is made to the new Court House, and an objection is taken to the bill because it empowers the Board of Supervisors to appoint three Commissioners to locate and superintend the construction of the new building, and it advises that the Commissioners be appointed by the Legislature. We cannot for the life of us see the force of this suggestion. We cannot see why the twelve Supervisors of the County are not as well qualified to do this County business as the nine members of the Legislature, or why the members of the Legislature are not as well qualified as the members of Congress from the State. It seems to us that all the local legislation that can be, should be conducted as near home as possible. Then there is but little difficulty in holding the proper parties responsible to the people.

That a new Court House and County buildings are necessary in this County but few will deny, and that the present is the best time to make a permanent location and erect permanent buildings we think equally indisputable, and it is absurd and ridiculous to the last degree to think that the Supervisors of the different towns and wards are not as well qualified to do this business for the County as the Members of both branches of the Legislature, many of whom have never been through the County and know as little of its local wants as they do about mining licenses in Australia. But this is federal whiggery. The further power is removed from the people the better the government.—Such always have been, and probably, always will be, the doctrines of federalism in this country, and of monarchists and absolutists over the water.—*Morning News.*

Now all this bullabaloo about "federal whiggery" &c., &c., is supremely ridiculous. The editor of the *Sentinel* at Madison is in favor of the erection of County buildings, on a scale adapted to the importance of the county, and in a manner which shall do credit to the city; in favor of building them on the present location; and in favor of issuing county bonds, as proposed by the Supervisors: for $100,000 for the purpose. His suggestion, made in the letter, but well considered at home, is entirely misrepresented in the article in the *News*, for some object unknown. The Commissioners, in our view, ought to be named in the bill—ought to be well selected and agreed upon at home, as men every way competent for the important duties of planning, contracting for, and superintending the construction of such extensive buildings—and men in whom the people of the whole county would have confidence, and men who would serve actively without pay.—Whether these men are named by the Supervisors at home, or by the delegation at Madison, or in whatever manner, we think that our people would be better pleased with such a designation, of such men.

Now there need be no contraversy about this matter. The bill spoken of is *no* bill yet. Let us wait till we know what it is, and then, if we must differ about its details, let us discuss them, with that calmness which a case of such importance demands. Meantime, if any one has reason to think there may be objectionable features in the law, it is proper enough for him to speak or write. We shall exercise that right, certainly. The absurd nonsense about "federal whiggery" to the contrary notwithstanding.

☞ The Columbus (O.) *Democrat*, of recent date, says, "Two gentlemen, hailing from the formidable town of Erie, Pa., a few days since, stopped at a first class hotel in Buffalo. They registered their names, and denoted their place of residence. When the hour for retiring arrived, they were conducted to the garret, and shown two rickety bedsteads, scantily supplied with covering. Feeling somewhat for their dignity, they expostulated with the landlord, and inquired whether his house could not afford better accommodations. He replied that he certainly had much better sleeping apartments, but that they were in reserve for *gentlemen.* The strangers felt decidedly *Erie-tated.*" No other paper has the news and we guess the writer of the paragraph was drawing on the bank of fancy at the time of its concoction. However it is all natural, if not all right.

AWFUL WRECK.—The China Mail, of the 6th of October, mentions the arrival at Hong Kong of the second mate and two of the passengers of the ship Lady Eveline, which, on her voyage from that port to San Francisco, was wrecked north of Formosa, on one of the out islands of the Loo Choo group. Of her 240 passengers only 25 escaped. The survivors got ashore, and were treated very kindly by the natives, who enclosed a field and put up a house for them, gave them food, and after treating them with much kindness, would accept of no money. They were taken off by the steamer Hermes, on the arrival of which vessel the captain of the Lady Eveline made the natives liberal presents of goods.

DISTRESS AT CAIRO.—The Louisville papers give a sad account of affairs at Cairo. Fourteen large steamers have been compelled to lay up at that place, in consequence of the suspension of navigation, and have there set ashore some two thousand passengers, chiefly emigrants. These persons, houseless and suffering from want, were rapidly diminishing in numbers—many dying daily from cholera and yellow fever. The Courier says they were staying in the woods adjoining the town, keeping up large fires, and at the last accounts there was no possibility of getting away. Cairo is a low, swampy, sickly place, at the junction of the Ohio and Mississippi rivers.

THE STEAMER AMERICA.—On Friday last the propeller *Paugassed* went out to the relief of this steamer, and lightened her considerably. It was thought best to scuttle her in order to prevent the sea from carrying her on to the piles. Two large holes were, therefore, cut in her sides, and she lies, with the water in her, firmly embedded in the sand. Her cargo was mostly barrel freight, and was not much injured.—*Buffalo Courier 17*

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Detroit, Jan. 18, '54.

The festivities in honor of the opening of the Great Western Rail Road thro' Canada, which were held in this city yesterday, will long be remembered by all who participated in them. The Excursion train from Niagara, with guests from different cities of New York, and all the towns and villages along the line of the Great Western road, was expected to arrive here at 2 o'clock yesterday afternoon. The Cars, however, were so heavily freighted that they did not reach Windsor (opposite Detroit) till nearly nightfall. The booming of cannon and the tolling of the fire-bells, at half past four, announced the approach of the expected train, and obedient to the summons the Military and Fire Companies of Detroit, with a vast throng of citizens and strangers, gathered at the foot of Woodward Avenue to welcome their Canadian and Eastern guests. Shortly after 5 o'clock the procession was formed and escorted the *ten or twelve hundred* people who came in the Great Western Cars to their allotted quarters at the National. Thence, after a short stop, they marched down to the Depot of the M. C. R. R. where a sumptuous Banquet had been provided. It was a long and difficult process to admit and seat the two thousand guests who were invited to partake of the abundant hospitalities of Detroit; but it was finally and successfully accomplished, and the immense Dining Hall, when thus filled, presented a magnificent spectacle. Nine parallel tables ran the whole length (175 feet) of the spacious saloon, crossed at the top by another table for the officers of the feast and the prominent guests of the occasion. The interior of the apartment, sides and ceiling, were completely and tastefully draped with blue, white and pink cotton canvass; evergreen wreaths and festoons decorated the pillars and frame-timbers of the roof, and hundreds of gas-lights gave to the whole the warmth and brilliancy of sunshine. At either end of the large Hall appropriate transparencies added to the general effect of the decorations and the tables themselves were profusely covered as well with ornamentals, as substantials. As many of the guests had travelled steadily since early morning without stopping for refreshments, their appetites were in capital condition to do justice to the feast, and the knife and fork practice, for the first half hour after the company were seated, was altogether the most rapid and effective I have ever seen. In the face and eyes of the "Maine Law" too, champaigne in abundance sparkled round the board, and the "popping" of corks, at times, nearly drowned the clatter of the cutlery. With such incitements to "noise and confusion," and the constant pledging of healths and interchange of social greetings between John Bull and Brother Jonathan, it may easily be imagined that the Company was not a very quiet one. Indeed for the first hour or two, the sentiments and speeches made at one end of the vast apartment were wholly inaudible in the middle and lower portions of the Hall; but after the effervescence had subsided, the programme for the evening was regularly and satisfactorily gone through with.

I shall not attempt to sketch in detail, the speeches and sentiments of the evening, for they would fill all the columns of the *Sentinel.* The toasts were appropriate to the occasion and the responses in excellent taste and received with the heartiest applause. This was especially true of every allusion made to the growing ties of interest and intercourse between Canada and the U. S., and of every hope expressed that the friendly feelings existing between the two countries and so strongly fostered and promoted by the rapidly multiplying means of intercommunication, might endure forever. The cities and communities west of Detroit were not forgotten in the general gratulation. Complimentary toasts to Chicago, to Milwaukee, to Racine, and to other cities of business and population in the Great North-West, were kindly and warmly received and elicited due responses and acknowledgements. A capital band of music from Rochester, N. Y. contributed greatly to the delight of the Company and the success of the entertainment; and it was not till a late hour of the night that the Banquet Hall was deserted. How all the strangers and guests in Detroit last night succeeded in finding sleeping accommodations, I cannot guess. The Hotels were crowded with lodgers and private hospitality freely opened its doors and had a cheerful welcome to all comers.

This morning, visits were interchanged among the different delegations and the acquaintances and friendships formed last night were cemented anew. The Milwaukee Delegation paid their respects to the Officers and Directors of the Great Western Road, and had a very pleasant talk with them. We found that they were as anxious as ourselves for a northern connection thro' Michigan, giving a *direct* Rail-Road route from the Niagara river and Lake Ontario, to Wisconsin, Iowa, Minnesota and the fertile and fast-developing regions beyond. At 12 o'clock the return train started for Hamilton with full one thousand passengers; and a large crowd crossed the river to Windsor to see them off. As another train leaves to-morrow morning, arriving at Hamilton in season for the festivities which are to come off there, our Delegation determined to wait for that opportunity, instead of hurrying off to-day. It gives me a little more time to talk with our Detroit friends about the Oakland & Ottawa Rail-Road.

I am happy to say that they are all alive on this point and extremely anxious to see the road go ahead. They feel and appreciate its vast importance to Detroit, and the certainty that it will protect them as effectually from competition on the west, as the Great Western Railway does on the east. I am assured that the enterprize is in excellent hands, under good headway, and with every prospect of getting what Eastern and Foreign capital they need, to ensure its early and successful completion. Detroit has improved and is improving rapidly, under the influence of Rail-Roads, and her citizens still maintain that high reputation for cordial and unstinted hospitality which they have so long and so deservedly enjoyed. The celebration yesterday was a very fine one, but they promise a still finer when we meet to celebrate the opening of the Oakland & Ottawa Rail-Road. R. K.

PRINCE ALBERT SUSPECTED.—The London Daily News gives prominence in its columns to a communication headed "Painful Rumors about Prince Albert." This writer says that the impression, the suspicion, the persuasion, the apprehension, or the belief—for it takes a great variety of forms—that the Prince Consort has recently trespassed upon the bounds of political affairs, is now so general, that it is impossible any longer to confine it to conversation. Go where you will, into good or bad society, among rich or poor people, the feeling or the fear that it is the court, and not the responsible ministers of the crown, who are giving the impetus and the tone to the foreign policy of England, is now a topic of conversation. People cannot get rid of an apprehension that something is going very wrong in this the highest quarter of the State; confidence in the Prince is giving way: and, instead of popularity, resentment seems to me very likely to take possession of the public mind. Nor is it in political affairs only that his Royal Highness is accused of meddling and marring. In the army, also, he is said to be interfering; and the recent scandals at the Horse Guards are openly and boldly ascribed to him. The writer proceeds to argue, that the Coburg family, are thoroughly Russian in their associations; that Lord Palmerston resigned because the court influence was against him, and that Lord Aberdeen is in the Cabinet for the sole reason that he represents the Prince Consort's views of foreign policy.

☞ Capt. Ericsson, of the Caloric ship, states that there is not the slightest cause for doubt in relation to this enterprise. The new engines are completed, and have been at work several days, their operation proving conclusively, that the practical difficulties which attended the first arrangement have all been overcome. The new engines are much reduced in size, whilst their principle of action is the same as before, with this exception only, that condensed atmospheric air is employed in place of the ordinary atmospheric, for producing the motive power. This modification admits of an increase of power, limited only by the capability of retaining the pressure in the machine. Some difficulty has been experienced in this respect, and it is this which has caused some delay recently. The obstacle, is however, nearly removed and the public will shortly have an opportunity of judging by practical evidence of the merits of the Caloric ship.—*Tribune.*

Foul Murder.

On Monday night, the 26th ult., two of our citizens were assaulted near the corner of Roberts and Fifth streets, by some person or persons who approached them from behind and felled them to the earth with a slung-shot. Both the young men had their sculls fractured in several places by the blows, from the effect of which they have since died. Mr. John Clark, one of the wounded men, expired on Friday morning, the 30th, and Mr. Philip Hull, the other, on Wednesday morning, the 5th.

This is the first case of premeditated murder that has occurred in our city, and the wanton barbarity of the act shows that we have among us some of the most depraved of our race.

The young men were both respectable mechanics, and both had money upon their persons, but it was not molested. Neither of them could give any clue by which the perpetrators of the deed could be traced.

These most malicious, unprovoked and diabolical murders have aroused the public mind to a high state of indignation bordering on frenzy, and imperatively demand the energetic action of our officers and of every law-abiding, well-disposed citizen. Stringent measures should immediately be taken to ferret out the perpetrators of the foul deed, for if such things are permitted to go by without a thorough investigation, other cases will transpire, and no citizen's life will be secure against the hand of the midnight assasin.

"What of the night?" Two innocent, worthy young men have been murdered—inhumanely murdered—murdered in a civilized community—cowardly, shamefully murdered! Well may we inquire of the watchman, "what of the night?" Well may we pause and contemplate the effect of this savage deed? Well may the heart sicken at the recital of the sad tale. Well may we have sad forebodings for the future, unless something is done to check the tide of iniquity which is rolling in upon us. We believe that there is sufficient moral power in this community, when once aroused, to strike terror in the hearts of those who prowl about our streets in search of victims to rob and to murder, and if ever there was a time to show that power, it is *now*—now, while the blood of two of our fellow citizens cries for justice—now, while the guilty consciences of the bloody villains are torturing their inmost souls—now, while mourning friends are paying the last sad rites to the departed dead. Our own security demands it; the security of the community demands it;—justice demands it; civilization demands it.

We are glad to learn that Sheriff Fridley has offered a reward of $500, "for the apprehension and conviction of the party or parties guilty of the murder." It will also be seen by a notice in another column, that a public meeting of the citizens to consider the matter, is called for Friday evening. Let something be done to prevent, if possibly a repetition of the horrible transaction we have been called upon to record.—*Minnesota Pioneer.*

☞ Frederick H. Southwell, one of those washed overboard on the San Francisco, gives his experience as follows in a letter to the New York *Herald*:

At about 8 o'clock a mighty swell, such as can only be formed by old ocean when lashed by such a tempest, struck our vessel amidships, completely submerging the wheelhouses, and washing them, with all their inmates, within an instant, at least half a mile distant, into the foaming sea—Myself and Mr. Rankin were among the number who were washed away, and the only two of this entire company who were successful in regaining the ship. All the rest sunk into the jaws of death, and were rocked into an eternal sleep by the roaring, swelling sea. As I can only describe the awful situation of these mortals by my own experience, I hope I will be excused for alluding to myself. I well remember I was lying in my stateroom on the after deck, with a travelling companion, Mr. James Stockwell, when there came a shock and sudden crash of breaking timber, and I felt myself rolling like a top in the water, with salt brine rushing into my mouth and almost blinding me. When I arose to the surface of the ocean a harrowing sight was before me. I was half a mile from the steamer and around me was about an acre of floating timber. Immediately by my side came up from the deep Mr. Stockwell, who caught hold of the same stick of timber to which I had clung for safety. The stick began to sink and I seized hold of another piece, and made the best of my way to the wrecked steamer. Two or three huge swells soon tossed me near the ship, and I grasped a rope forward of the wheelhouse, to which I clung for refuge, raising and falling with the pitching vessel. While in this situation I saw a man standing on the paddle of the wheel who was plunged into the ocean at every roll of the steamer, and who probably perished. Losing my strength, I dropped from the rope to which I clung, and fortunately a friendly wave threw me against the guard of the vessel, which I seized hold of, and the next plunge carrying me still higher on the guard, I was enabled at last to crawl upon the forward deck, and there with my hand broke open a stateroom window and crept into it half drowned. While in the water, the sight around me was worse than death itself. When I rose to the surface of the water, I saw about forty struggling for life, and about one half of them had blood streaming from wounds about their heads. Being blinded by what I thought was the salt water, I put my hand to my forehead to wipe away the brine, when I was surprised to find I was bleeding myself from a wound on my brow. It is, therefore, conclusive that most of those washed away were at the same time wounded by the crashing timbers. Besides myself, Mr. Rankin was the only one saved of the number who were swept into the ocean.

Serious Railroad Accident.

A collision occurred about 5 o'clock on Monday afternoon, on the Chicago & Aurora R. R. The freight train which left this city at 1 P. M. had arrived a short distance this side of the Junction, when the engineer, knowing he was behind time, and that he would be unable to reach the next station in season to prevent meeting the passenger train, stopped on the main track, and sent a flag man about eighty rods ahead, (in conformity with the regulations of the Company, provided for such emergencies,) to signalize the express train on its approach from La Salle, and give information of his position.—Hardly had the flag man reached his station when the express train came thundering on at a rapid rate. According to our informant the engineer slackened his speed a little on seeing the flag man, and on reaching him passed immediately by, without waiting for a message, (in direct violation of the rules,) for the length of two or three rails, when he again put on a full head of steam, and rushed on to the other train at the rate of thirty miles per hour. The concussion was awful, almost demolishing both engines, and staving in several of the freight cars. The express train consisted of but one passenger car, in addition to the baggage car and tender.—The engineer and brakeman leaped, off, and escaped with severe bruises. Mr. Parmalee, the conductor, who was standing on the forward platform of the first passenger car, had his left arm broken at the wrist. Mr. Benedict, of Batavia, a passenger, was standing on the rear platform of the baggage car, and the platform of the passenger car being some inches higher passed on over it, caught the limbs of the unfortunate man, and nearly severed both feet just above the ancles.—A car containing the injured persons reached this city the same evening, about 7½ o'clock. Mr. Bendict was carried to the Hospital of the Sisters of Mercy, on Wabash Avenue where he was skillfully attended to by Drs. Herrick & Hamilton. One of his feet was amputated as soon as possible but his strength failed so rapidly as to be unable to undergo the amputation of the other. We learn that the unfortunate man died yesterday afternoon from his injuries.

It is stated that the engineer of the express train on seeing the flag man, *thought* he only wanted to inform him of the disarrangement of some of the rails near by, (as such things had occurred within the past few days, while the road has been undergoing repairs.) and he accordingly proceeded on, passing over those few rails slowly, and then renewed his speed, only discovering his mistake when too late to remedy it. If such be a correct state of the case, that man is deserving of the severest censure.—The Company owe it to the public to make a full investigation of the affair. *Chicago Tribune*, 18th.

NEW YORK ON ERIE.—The Empire State is moving in the Erie matter. The N. Y. *Times* says:

There is a proposition to retaliate upon Pennsylvania on account of the late riotous proceedings at Erie, in relation to the railroad guage. Senator Dickinson introduced a bill this morning, of which the following is a copy. It will not be adopted without considerable discussion.—

AN ACT in relation to rail roads in this State connecting with others leading to Erie, in the State of Pennsylvania.

The people in the State of New York represented in Senate and Assembly, do enact as follows:

Sec. 1. It shall not be lawful for any railroad company formed, or to be formed in this State, (except the Buffalo and State Line railroad company,) or for any person or persons to construct the track of such railroad within this State, and connect the track of such railroad with any railroad in the State of Pennsylvania, within fifty miles of the said city of Erie, until the said State of Pennsylvania shall by law, hereafter to be enacted, authorize and allow an uninterrupted line of railroad to be laid down and maintained of the guage of four feet ten inches through the county of Erie in said State, from the western terminus of the Buffalo and State Line railroad to the Eastern end of the Cleveland, Painesville and Ashtabula railroad, at the eastern line of the State of Ohio, being the entire distance across the county of Erie and State of Pennsylvania, on the track now or lately used by the Erie and North East railroad company, and by the Franklin Canal Company, and upon land purchased by either of the said companies for the purpose of laying their railroad track thereon.

Sec. 2. Any person who shall violate the provisions of this act shall be deemed guilty of a misdemeanor, and any association of persons, or any corporation, violating any of its provisions, shall forfeit all rights granted by law to railroad corporations or associations.

Sec. 3. This act shall take effect immediately.

POLICE COURT—Jan. 20.

The case of the State vs Patrick McGrath was called in the afternoon the defendant appeared.—The complainant didn't appear and the court discharged the defendant, remarking, that this was the third or fourth time, he had issued a warrant on the complaint of the same woman, and who had never appeared to prosecute, to either. A gentleman present who was acquainted with the facts, stated, that the woman had no cause whatever in the other complaints, to call for the arrest of her husband; and no cause whatever on this one in which he had been just discharged. The court stated that the woman appeared with her counsel, and statements were made to him upon which he couldn't avoid issuing a warrant, that he should require very strong evidence before he issued another, on a complaint from the same woman.

As many wrong impressions are abroad in relation to the amount of fines received in the Police Court of our city, and the disposition of the same, and as some difference of opinion exists as to what is meant by the words "clear proceeds" as used in the constitution; we give below the amount of fines received from the 3rd of January to the 26th of Dec. 1853. It will be seen that the gross receipts for fines and Justice costs, do not equal in amount the salary of the Police Justice ($800 per annum,) and that when the additional expenses of office rent, fuel, stationery, &c., it, so far from being a profit and leaving any "clear proceeds," entails an expense on the county. The statistics are taken from the Reports of the Police Justice, made to the County Board of Supervisors at each meeting; attached to each report is the affidavit of the Justice that each report is just and correct to the best of his knowledge and belief.

	Fines.	*Justice Fees.*
From the 3rd Jan. 1853, to April 27th,	$165 00	$42 37
April 27th to Sept. 9th.	259 90	94 95
Sept. 9th to Dec. 26th.	100 00	76 86
Total,	$524 90	$214 18

The manner of accounting for fines and costs received, has been uniform since the first establishment of the Police Office, by all of the incumbents; with the assent of the various Boards of Supervisors for each year; and has continued unchanged under the State Constitution, and the Dist. Att'y has advised the Board of Supervisors, to appropriate all fines to the use of the County, and leave the State to institute proceedings against the County; if it should be deemed advisable, for the purpose of having the term "clear proceeds" judicially interpreted.

Third Ward Injunction.

Charles Lane *vs* Hiram Church, John Harden, John Hickey and Cicero Comstock. In chancery before the Hon. Levi Hubbell. In this case the Injunction as to the Defendant, Church, was dissolved by consent to save expense; the other two, a majority of the aldermen, not objecting to be restrained from executing and negotiating the Bonds of the ward. Thus the matter will stand till the Charter election, when the people will see to the matter themselves; and say by their votes when, and where, and at what prices, the Third Ward shall have a MARKET HOUSE.

NO. 1's BALL.—No. 1's Ball came off on Thursday night at Youngs Hall, and was remarkably well attended, considering the severity of the snow storm that raged without; by far the most severe that has been felt this winter. Upwards of one hundred couple were present, the Hall was tastefully decorated with flags &c., a bountiful supper was supplied by Messrs. Bidwell and Miller dancing was kept up till daylight dawned, and all returned satisfied that "however the storm might rage," No. 1 had been well taken care of.

STEALING FROM TEAMSTERS.—We have been informed by several Farmers and Teamsters, of their having been robbed of bags of grain &c., taken from their loads while staying at taverns between this city and Watertown. One farmer residing in Columbia Co., had 7 bags of wheat taken from his load on Wednesday night, while staying at a tavern beyond Oconomowoc.

GAME FOR NEW YORK.—Mr. Lee, residing on East Water Street started for New York city yesterday morning with 15 casks of Quail; containing in all five hundred dozen. A farmer residing near Beaver Dam sent off a few days ago, game to New York city; the freight on which was $70. We will give the amount sent by this man in a day or two, which is enormous.

☞ The Spring Street congregation (Methodist) will meet in Young's Hall for Religious Worship at the usual hours on to-morrow, Sabbath.

☞ The United States Court adjourned yesterday, until Tuesday next at 10 A. M.

EMIGRATION.—The Iowa Reporter says the emigration into that State this year, is immense. The prairies of Illinois are lined with cattle and wagons, pushing on for this prosperous state. The addition to the population from September 1st, to December 1st, from emigration alone, is computed at 50,000.

GOV. RAMSAY.—A telegraph despatch to easter papers from Washington, under date of the 10th says:

"The testimony taken in the Minnesota Indian case was presented to the Senate this morning. A prominent Northwestern Democrat, who understands the whole case and has seen all the testimony, says that it is a complete vindication of Gov. Ramsay, Mr. Sibley, and other gentlemen who have been unjustly, aspersed in connection with this matter.

We have never had a doubt of the full exoneration of the above gentlemen from all blame in the matter referred to, as soon as the facts in the case became fuly known.

More Cholera.

Barque *John Hermann*, Capt. Deckman arrived at this port this morning, from Hamburg, after a passage of sixty-seven days. During the voyage forty-one of her passengers, were swept off by the cholera. The surviving passengers number 195.

Mecklinburgh barque "Pribislaw," Capt. Mosa, also arrived to-day from the same port. She has been eighty six days on the voyage, and during that time, has lost nineteen of her passengers. The survivors numbered 151. Among the victims was the captain of the vessel (Baltzan.)—*N. Y. Express.*

☞ Brigham Young talks to the Indians of Utah in a style which is more forcible than elegant:

"I say to the Indians, as I have often said to the mob, go your length. You say you are going to obliterate the Latter-Day Saints, and wipe them from the earth. Why don't you do it, you poor, miserable curses?"

DISCOVERED AT LAST.—A correspondent of the Leicester (Eng.) Mercury, having heard that a prize had been offered for a word to rhyme with month, hopes that the following may be judged successful:

A lisping girl sat on her father's knee,
A-trying to rhyme the little word month,
And she laughed as she said I'll let you thee
I can thay it again, for I've thaid it wonth.

Holloway's Pills for the Cure of Nervous Debility and Determination of Blood to the Head.—Extract of a letter from Mr. John Lloyd, of Erw-wen, Harlech, Merionethshire.—"To Professor Holloway,—Sir,—I think it my duty to inform you that for a long period I was afflicted with giddiness and swimming in the head and eyes, attended by loss of appetite and generally impaired health. Every means had failed to give me relief, and at length it became so alarming that I was afraid of going out without an attendant. Mr. Hughes, chemist, of Harlech, advised me to try your Pills, which I immediately did, and am happy to say they effected a perfect cure, and restored me to health and strength."

But he lived previous to the discovery of Lyon's celebrated Kathairon, which not only preserves and beautifies, but restores the hair at any period of life. Only those who will not try it, are troubled with Baldness, Dandruff, or harsh, unpleasant hair. *From the Home Journal, N. Y.* "No article ever acquired so rapid celebrity and universal appreciation as LYONS KATHAIRON. To those who have used it (and who has not) the reason is obvious, as its invigorating and beautifying effects, and agreeable Perfume, stamp it an indispensable article of the toilet." WE SEE BY THE COURT RECORDS, THAT THE two counterfeiters, White, of Buffalo, and Lawrence, of Epping, N. H., have been placed under ten thousand dollar bonds, each, for making and selling, imitations of *Ayer's Cherry Pectoral.* This is right. If the Law should protect men from imposition, at all, it should certainly protect them from being imposed upon by a worthless counterfeit of such a medicine as Cherry's Pectoral. We can only complain that the punishment is not half enough. The villain, who would for paltry gain, deliberately trifle with the health of his fellow man, by taking from their lips, the cup of hope, when they are sinking, and substituting a falsehood—an utter delusion, should be punished at least as severely as he who counterfeits the coin of his country.—*Green Co. Banner, Carrollton, Ill.*

Truth Must, and Will Prevail. It is a *truth*, that the Mustang Liniment has performed more cures of confirmed chronic and inflammatory rheumatism, than any remedy ever before used for those painful affections. It is *truth*, that no remedy ever before tried, has been so successful in healing old sores, or ulcers in curing scald head, cancers, erysipelas, tetter or ringworm, or any unnatural excrescence, enlargement, eruption swelling or inflamation of any description as the *Mustang Liniment.* It is a *truth* that it is an effectual and certain remedy for the piles, no matter of how long standing; and it is a *truth*, that *every body* are using it, and all pronounce it good. See advertisement in another column.

☞ Holloway's Ointment and Pills have effected an Astonishing Cure of an Abscess that the Faculty pronounced Incurable.—Robert Parlett, mariner, of Wolsoken, near Wisbeach, was afflicted with a dreadful abscess in the arm. He had been two years in a Hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the faculty, who pronounced him to be incurable; but after using Holloway's Ointment and Pills for a short time the wound was completely healed, and his health permanently restored. This can be attested by Mr. Abraham Catlin, and other respectable inhabitants of the parish of Wolsoken.

Reported for the Sentinel.

New York, Jan 19.

The extensive range of buildings in the rear of the City Hall, containing the Superior and U. S. Court rooms &c., were consumed by fire this afternoon. The flames are not yet subdued. The loss will be serious, as many of the city records are destroyed. It is impossible as yet to ascertain the particulars.

A dispatch from Savannah says a fire occurred in that city on Tuesday; five buildings were consumed—loss $100,000.

The steamer *Cambria*, at Halifax, brings nothing later.

The Steamer *Niagara*, a week later, will not be due for a day or two.

Late dates from Mexico mention that a violent earthquake had occurred at Durango, doing considerable damage. It was reported that the English ship of war *Virago* has been ordered to protect the Mexican coast on the Pacific against California aggressions. More change in the Mexican cabinet was anticipated.

Pittsburgh, Jan. 19, 7 P. M.

Buffalo & State line Railroad *vs.* Lowrey and King. The evidence on the part of the Government against Lowrey and King, is all in, and that of the defence in part. The evidence, thus far, shows a strong case of unlawful interference with the United States' officers in the execution of their instructions.

The Court House is very much crowded, and the trial causes great interest. It is the impression that the defendants will be found guilty.

Kenosha and Beloit Railroad.

Kenosha, 10th Jan. 1854.

To the Editors of the Telegraph:

You, as well as the people of this County generally I suppose, feel deeply interested in every movement that looks like benefiting our City, and tends to the ultimate completion of our Rail Road enterprise, and probably will be gratified to know that the Directors of the Kenosha and Beloit R. R. Co., at a special meeting of the Board to-day, effected an arrangement with the Contractors of the Co, to put upon the work at once, at least 250 men, and to retain that number on the work in grading until the first of May next, and the Contractors also give every assurance that with this number of men, the Road will be entirely graded from the city to Fox river by the first of May next, and from what the contractors state, there can be no doubt but iron will be laid on the track graded, early in the summer. Too much praise cannot be awarded to the energy of the contractors of this Road, and their desire to meet the wishes of the Directors in forwarding this work as much as possible. Mr. Worthly left here for the East some two weeks since to make arrangements for Iron for the Road, and other things in connection with it, and it is understood that he has had better success than was anticipated. The Directors also at this meeting made arrangements for an effort to be made to obtain stock subscriptions, from the Farmers of the County to aid in the enterprise, determining that if the citizens of the County, and along the line of the Road, would subscribe for stock to the amount of fifty thousand dollars, the County Loan would be given up. The Directors believe that the farmers of the County are as much interested in having the Road completed as the city, and that they will be disposed to render some *material aid* corresponding with their known wealth and liberality upon all objects presented to their favor. The City of Kenosha has lent its faith to the Road to the amount of $150,000, and the citizens of the city have subscribed to the stock to the amount of over $100,000, and it cannot be supposed the farmers in the county at large, will stand back and be lookers on when there is so much at stake, when the city and people of the city have done so much.

If the people of the County of Kenosha will for this object co-operate with the city, this Road can be in operation to Fox river by first of August next, and city and county be reaping a rich return for their enterprise. I am told that the farmers along the line of every Rail Road, and the people generally in the counties through which Roads are being made, are subscribing liberally for stock, and shall it be said that Kenosha County stands in the back ground? No, they will not, for they are as proud of their County and their City, as others are of their own, and are willing and determined, I have no doubt, that Kenosha County shall be the first County in the State in Rail Roads, as she is in all things else.—*Kenosha Telegraph.*

☞ Still returned with unequalled fortitude, and did not cease until the work of destruction and butchery was complete. The support afforded to the Turks by the land batteries was ineffectual, owing partly to the lightness of their guns, and partly to their fire being intercepted by the Turkish ships.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. Appleton & Co, New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who presevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To Professor Holloway,

Sir,—A Mr. Joseph Puxton, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms

St. Louis Testimony.—Oath before the Mayor. *State of Missouri, County of St. Louis, ss.*

Be it remembered, that on this fifth day of May, A. D. 1852, before me, the undersigned, Mayor of the city of St. Louis, in the county and state aforesaid, came personally David M. Smythe, who upon his oath says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor.
Soc. Newman, Register.

St. Louis, Mo., May 5, 1853.

Dr. A. G. Bragg, & Co.,—Gents:—You will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your "*Mexican Mustang Liniment.*" My object in doing so was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow for *several years past.*

The excruciating pain consequent upon a false setting of the bone had dwindled and contracted her arm to a puny size, and I considered it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.

Her arm was drawn to a right angle, and was almost inert and senseless until your invaluable Liniment was applied, since which time I am happy to state she has enjoyed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.

I would state, however, that prior to trying your unequalled Liniment, I used several other remedies but without the least beneficial result. D. M. SMYTHE.

STILL MORE EXTRAORDINARY!

READ! READ!! READ!!!

St. Louis, Mo.

Mr. Editor:—As a matter of great importance to the afflicted, I wish to make the following statement: About six years ago, my wife was attacked with a slight stroke of dumb palsy. The whole of her right side and limbs were partially paralyzed. A doctor was called, who bled her copiously in the right arm, which relieved her, and she had no more symptoms of paralysis, until last fall, when the right arm gradually became weak and powerless. Both limbs and the whole of her right side soon became perfectly benumbed, and all voluntary motion was entirely suspended. She was bled again, but without any relief. Even her tongue became paralyzed, so that she could not, at times, speak so as to be understood. She had a brother, Thos. Utley, a boy fourteen years old, who had some time previously been cured of a very severe attack of the same disease, by the use of three bottles of the MUSTANG LINIMENT, and we determined to try it in her case, as she had been under the treatment of doctors for several months without any apparent benefit. I obtained one bottle, and commenced bathing the whole affected side and limbs.—The effect was truly astonishing. In less than a month every symptom of the disease had disappeared. She can use her limbs as freely as ever, and no impediment whatever exists in her articulation. In fact she is perfectly cured; and we bless the day we were induced to use this invaluable Liniment. EDWARD UPMEYER.

PRICES OF THE LINIMENT.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and $1 per bottle. The 50 cent and $1 bottles contain fifty and one hundred per cent. more liniment, in proportion to their cost so that money is saved by buying the larger sizes.

A. G. BRAGG & CO., sole Proprietors. Principal office corner 3d and Market-st., St. Louis, Mo., and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Pess, Jr., and A. F. Clark.

☞ Remember the 50 cent and $1 bottles are much the cheapest. Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. nov23

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

State of Illinois, Carlyle, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

Vincennes, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to every other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a good color and texture to hair. WILSON KING.

St. Louis, June 22, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it has entirely changed to its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

St. Louis, September 26, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely cleansed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.

Yours, very respectfully, N. B. HOLMAN.

Bloomfield, June 10, 1853.

Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

Ottawa, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.

Very respectfully yours, R. THORN.

PREPARED BY

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2 "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES.

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desre for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drunk a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poison ousting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,

Louisville, Ky.

Dr. Urban's Vegetable Fever and

AGUE POWDERS:

The only sure remedy ever known for Chills and Fever, an warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addressed itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

PATENT MEDICINES.

CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS

BRONCHITIS, WHOOPING-COUGH,

CROUP, ASTHAMA, AND

CONSUMPTION,

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration, Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a tonic Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genious, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to secure a cure, be it ever so bad, in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

EIGHTEEN YEARS of extensive and uninterrupted practice spent in this city, have rendered Dr. K. the most expert and successful practitioner, far and near, in the treatment of all diseases of a private nature. FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1853.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close our safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure, and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1853.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,

Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes Over all others.
